DOA SAFAR (TRAVEL PRAYER)

In the name of Allah, Most Gracious, Most Merciful
Praise be to Allah, the Cherisher and Sustainer of the Worlds, and may peace be upon our Honourable Prophet and Messenger (Muhammad Sallallahu 'alaihi wasallam), his family and companions.
May peace be upon all of them.
In the name of Allah, we invoke His name as we embark on this journey and even when we are at rest. For my Lord is Ever Forgiving, Most Merciful, and no just estimate have they made of Allah, such as is due to Him.
Glory be to Him who has brought this under our control, for we could never have accomplished this by ourselves. And to our Lord, surely must we return.
O Allah, we ask of You for goodness and piety on this journey, and from our deeds that meet Your pleasure.
O Allah, lighten our burden on this journey and bridge the distances between us.
O Allah, You are our companion on this journey and the Protector for the family we leave behind.
O Allah, verily we seek refuge in You from this journey's hardship, from evil eyes and misfortune to befall our household.
And may the Grace of Allah be bestowed upon our leader, Prophet Muhammad sallallahu 'alaihi wasallam and his family and companions.
And Praise be to Allah, the Cherisher and Sustainer of the Worlds.

SOLO: A STAR WARS STORY

Board the Millennium Falcon and journey to a galaxy far, far away in *Solo: A Star Wars Story*, an all-new adventure with the most beloved scoundrel in the galaxy – Han Solo.

Alden Ehrenreich plays the newest iteration of Han Solo.

Will Han Solo make it back to his love, Qi'ra played by Emilia Clarke.

The film demonstrates a lot of incredible imagination which is original, yet rendered in reassuringly familiar ways.

The only thing standing between him and this dream is somehow getting a ship as well as tonnes of money. On his journey, Han joins a gang of outlaws, getting involved in a big heist and gains a huge furry friend.

Even though the film changed hands along the way, landing in the safe keep of the director, Ron Howard – the result is anything but impeded by this baton-change. In the end, this is a polished, fast-paced film that rides mostly on the charisma of Han.

The father-son writing team, Lawrence and Jonathan Kasdan, fit in a tonne of activity, journeying

from the harsh world of Corellia, to a battle arena and then into some hyper-mountainous territory. The film demonstrates a lot of incredible imagination which is highly original, yet rendered in reassuringly familiar ways.

Throughout the story, new characters come and go – from Val (Thandie Newton), the provocative lifelong criminal to L3-37 (Phoebe Waller-Bridge), Lando Calrissian's (Donald Glover) droid. While these new faces are fantastic additions, they have minimal screen time and leave us wanting more.

For all the diehard fans, the good news is everyone's favourite fur-face, Chewie, is given plenty of attention. Chewie and Han join forces after they meet as opponents in a mud pit, and from there the film draws an endearing picture of the pair's developing relationship. Over time, Chewbacca takes up his rightful role as Han's moral compass.

This is a deviation from the other Star Wars films where the story brings its focus in much smaller, only giving tiny hints of the vast galaxy beyond. It's an enjoyable character-driven film that's packed with pleasure and even the odd revelation.

THAT GOOD NIGHT

Cantankerous and once famous writer, Ralph Maitland (John Hurt), is dying. In his final act, he sets out to confront his mortality and make amends with his estranged son, Michael (Max Brown). Keeping the seriousness of his sickness from his younger wife, Anna (Sofia Helin), he also wants to make sure she won't be stuck with the burden of his suffering.

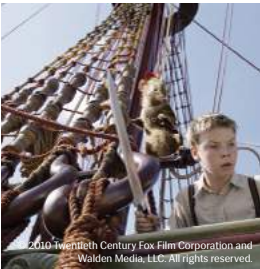

Resigned to die without regret, Ralph invites Michael to his incredible

villa in Portugal. However, when he arrives, Michael is accompanied by his girlfriend, Cassie (Erin Richards), and it doesn't take long for things to disintegrate. Starting a fight with Cassie, Ralph soon manages to get everyone offside with his insults and cause damage.

With his health declining, Ralph organises for a 'visitor' in a white suit (Charles Dance) to help him die a painless death. It's unclear whether

the 'visitor' is from an underground euthanasia society, or rather a metaphorical angel of death. Set mostly on the patio of the villa, the two ponder the big questions of life and philosophy.

Adapted from N.J. Crisp's celebrated 1996 stage-play, this film features Sir John Hurt in one of his last roles before his death. It's a film that's equal parts moving, charming, sad and meaningful.

Wu Chan and his children Nei Nei and Max navigate life as celebrities.

DAD, WHERE ARE WE GOING?

Chinese reality TV is taking off as heavily funded productions continue to deliver glittery shows that are soaring in popularity.

'Dad! Where Are We Going?,' is Wu Chun's most recent show which centres around his life with children Nei Nei and Max as they navigate life with a celebrity father.

Boasting a huge fan base and holding the top search spot on Weibo – China's popular microblogging website, this mega-show is set to reach up to six billion views. Here, Wu Chun, the Brunei-born pop star, now actor, plays himself; a stay-at-home dad up to his elbows in baby wipes, struggling to parent his two young children.

While primarily a show about parenting, this is also a show about

travel as the kids venture into the world with their celebrity dad. A very watchable and uplifting premise, the program showcases some great and gritty places but also some very warm and touching family moments.

Wu Chun was happy to get on board because it meant spending more quality time with his kids. He believes it's an invaluable and positive experience and treasures the long-lasting memories that he and his kids will share long into the future. Also making an appearance in the show are some other big name dads, like Jordan Chan of Fahrenheit boy band fame.

Along the journey, the dads workshop their parenting skills, sharing their experience as to what is and what's not working.

Kicking off the series, the family visits some tourist destinations in Brunei Darussalam, which has since put these places in the spotlight. They also venture into isolated Chinese heritage areas, sleeping on wooden beds with no air conditioning or fans. Wu Chun credits the show with exposing his children to people less fortunate and helping them put what they have in perspective.

LIBERATION

Christina Aguilera is back with her trademark power vocals on this excellent album.

Christina Aguilera, one of her generation's most talented vocalists.

Liberation – An album that showcases Aguilera at her best.

This offering is all about finding the right fit for her incredible skills, solidifying her reputation as one of her generation's most talented vocalists.

This offering is all about finding the right fit for her incredible skills, solidifying her reputation as one of her generation's most talented vocalists. Hitting a groove that lets her voice shine, her eighth album is an elegant and fantastic balance of hits, showbiz and big ballads.

Having spent almost 20 years experimenting, she's left her candy-filled debut and musical adolescence behind and moved way beyond her concept-albums. Throughout her history of highs and lows, one thing's for sure – Aguilera has never played it safe.

The album opens with the orchestral title track, 'Liberation,' which is

performed and composed by Oscar nominee, Nicholas Britell. The creativity continues with some unusual collaborations, the first with Kanye West pop productions, as well as the out there 'Searching for Maria,' which references the classic, 'Maria,' from The Sound of Music.

Moving from Broadway-inspired sounds to metal-pop, Aguilera keeps listeners on their toes with each unique song. It's when the album gets to the Demi Lovato duet, 'Fall in Line,' that it comes into its own. After this, *Liberation* settles into a sunny seaside party feel with reggae-like tracks like 'Right Moves' and the GoldLink-supported 'Like I Do.'

Aguilera also includes a nod to R. Kelly on the enchanting 'Pipe' and a Peter Gabriel-like sound on the track, 'Masochist.' The whole album builds to the end track, 'Unless It's With You,' which she co-wrote with Teddy Geiger; it's a stripped-back, passionate ballad that rivals 'Beautiful' as one of her most memorable hits.

This album showcases Aguilera at her best; the sum of all of her musical investigations and incredible talent that initially allowed her light to gleam in a sea of singers. *Liberation* is proof that her sound is enduring; and as a vocalist, she's in a league of her own.
